(See Tables II., III. and V.)

The term of office of Mr. William H. Lee expired on the 7th of May, but he continued to serve as commissioner until the 28th, when Mr. Augustus P. Martin, who succeeded him, qualified and took his seat as chairman of the Board.

Lieut. Louis W. Swan was retired June 25, 1894. He was appointed on the force Oct. 2, 1865; promoted sergeant April 28, 1873; promoted lieutenant Oct. 29, 1883.

Orinton M. Hanscom was appointed deputy superintendent July 9, 1894.

Chief Inspector James M. Coulter was promoted to be deputy superintendent Oct. 25, 1894.

Capt. William B. Watts was promoted to be chief inspector Oct. 25, 1894.

The following lieutenants were promoted to be captains: Dennis Donovan, Frederic G. Hoffman and Thomas H. Brown.

The following sergeants were promoted to be lieutenants: Ithamer A. Meehan, George C. Garland, Forrest F. Hall, Jason W. Butters, Millard M. Frohock, John A. Brickley, James P. Sullivan, Luther H. Collyer and John B. Rosatto.

The following patrolmen were promoted to be sergeants: Edward A. Pease, James O'Neill, James J. Walkins, Frank G. Hurlbut, William J. Lowery, John P. Clark, James E. Sanford, Thomas M. Mullen, George E. Saxton, George W. Thayer, Hayden J. Ringer, Granville B. Stone and William F. Perry.

The average number of men absent from duty on account of sickness was 22 per day, or 2.43 per cent. of the force. (See Table IV.)

During the year eighty-seven complaints against officers were investigated by the Board. The nature of complaints and disposition of cases is shown by Table VI.

There were twenty suits pending against members of the department at the close of 1893. Twenty-two suits have been brought and thirteen disposed of during the past year, leaving twenty-nine now pending. During the past year the city has paid no money by reason of judgments against police officers. All these cases have been defended by Mr. Isaac F. Paul, counsel for the department, and Mr. Paul has also prosecuted over one hundred criminal cases in the different courts, more than half of these prosecutions being for policy or other forms of gambling.

The Board of Police has asked the city government for authority to appoint three hundred and twenty-one additional patrolmen, believing this increase to be absolutely necessary for the protection of life and property in the city, with its rapidly growing population. With this addition, the force will number one thousand patrolmen and one hundred reserve officers.

During the past year the Board has adopted a medal of honor to be given to members of the department as an expression of approval for extraordinary or dangerous service. This medal has been awarded to reserve officer John D. McCarthy, of division 4, for unusual courage displayed in risking his life in pursuing and arresting Richard Mack, who had attempted to kill Thomas Ahearn and William Hughes by attacking and wounding them with a loaded revolver on the evening of Nov. 10, 1894, and for having performed other meritorious service for which he had been previously commended. The Board believes there are many others in the department who will emulate this man's bravery when the opportunity presents itself.

Horses.

On the 1st of December, 1893, there were 52 horses in the service. During the year 16 were sold and exchanged, 1 died and 17 were purchased. At the present time there are 52 in service, as shown by Table VII.

WORK OF THE DEPARTMENT.

Arrests.

The total number of persons arrested was 42,035, against 46,109 the preceding year, being a decrease of 4,074. The percentage of increase or decrease was as follows:—

	Per Cent.
Offences against the person,	Decrease, $5\frac{3}{10}\%$
Offences against property, committed with violence,	Increase, $24\frac{2}{10}\%$
Offences against property, committed without violence,	Increase, $8\frac{9}{10}\%$
Forgery and offences against the currency,	Increase, $33\frac{9}{10}\%$
Offences against the license laws,	Increase, $14\frac{7}{10}\%$
Offences against chastity, morality, etc.,	Increase, $39\frac{7}{10}\%$
Offences not included in the foregoing,	Decrease, $12\frac{8}{10}\%$

Five thousand one hundred and twenty-three persons were arrested on warrants, and 35,730 without warrants; 1,182 persons were summoned by the court, 39,201 persons were held for trial, and 2,834 were released from custody. The number of males arrested was 36,690; of females, 5,345; of foreigners, 20,551, or, approximately, 48.8 per cent.; of minors, 5,399. Of the total number arrested, 14,506, or 34.5 per cent., were non-residents. (See Tables VIII., IX. and X.)

The nativity of prisoners was as follows:—

United States,	21,484	New Guinea,	1
British Provinces,	3,251	Asia,	1
Ireland,	11,173	Austria,	65
England,	1,545	Belgium,	14

The number of arrests increased from 37,492 in 1890 to 41,132 in 1891 and to 48,463 in 1892. Then it decreased to 46,109 in 1893 and to 42,035 during the past year, this increase and decrease being accounted for principally in the arrests for drunkenness. The average number of arrests for the four years from 1890 to 1893, inclusive, was 43,299; the number of arrests the present year was 42,035, or 1,264 below the average. (See Table XI.)

Of the total number of arrests for the year (42,035), 1,661 were for violations of the city ordinances; that is to say, one arrest in 25 was for such offence, or 3.95 per cent.

Sixty-three and two-tenths per cent. of persons taken into custody were between the ages of twenty and forty. (See Table XII.)

The number of persons punished by fines was 15,055, and the fines amounted to \$116,991.61.

Ninety-four persons were committed to the State Prison, 834 to the House of Correction, 123 to the Women's Prison, 222 to the Reformatory Prison, 82 to the House of Reformation, 3,958 to the House of Industry and 315 to other institutions. The total years of imprisonment was 3,190 11-12, the total number of days' attendance in court by officers was 33,256, and the witness fees amounted to \$12,261.50. (See Table XX.)

The value of property taken from prisoners and lodgers was \$42,203.87.

Two hundred and twenty-nine witnesses were detained at station houses, and 15,502 persons were accommodated with lodgings, an increase of 277 per cent. over last year. There was a decrease of about 10.2 per cent. from last year in the number of insane persons taken in charge, a decrease of about 3.5 per cent. in the number of sick and injured persons assisted, and an increase of about 9.4 per cent. in the number of lost children cared for.

The average amount of property reported stolen in the city for the four years from 1890 to 1893, inclusive, was \$89,042.87; in 1894 it was \$110,195.66, or \$21,152.79 more than the average. In the same period the average amount of property reported stolen in and out of the city which was recovered by the Boston police was \$152,683.83; in 1894 it was \$117,893.79, or \$34,790.04 less than the average.

The average amount of fines imposed by courts for the four years from 1890 to 1893, inclusive, was \$120,906.15; in 1894 it was \$116,991.16, or \$3,914.54 less than the average. The average number of days' attendance in court was 28,078; in 1894 it was 33,256, or 5,178 more than the average. The average amount of witness fees earned was \$15,697.35; in 1894 it was \$12,261.50, or \$3,435.85 less than the average. (See Table XI.)

The department made 152 raids on pool rooms, 477 raids on policy shops and 177 raids on other places where gambling was carried on. On these raids 1,281 persons were arrested, and property to the amount of \$7,727.75 was seized.

The legislation of last year with reference to the condemnation of personal property seized in pool rooms or where gaming implements are found has greatly aided the police department in the suppression of pool rooms and gaming houses. The warfare on the pool rooms, which has been vigorously carried on during the past two years, has resulted in the complete suppression of this form of gambling at the present time. The Board would recommend the enactment of legislation authorizing the arrest and punishment of persons found present in pool rooms, as persons found present.

where gaming implements are found may now be arrested and punished. The persistent pursuit of the agency of the Louisiana Lottery, which for many years has been maintained in this city, has resulted in the abandonment of that agency and the conviction of persons concerned therein. Assurances have been given the Board that this is not merely a temporary expedient, but that this lottery will do no more business in Boston hereafter. The department has been especially active during the past year in raiding policy shops. This activity has caused the closing of many of the places resorted to for this form of gambling, and driven the policy writers out upon the streets, or into private houses, or into stores or shops used also for legitimate business. This has rendered it more difficult to obtain evidence against the writers, but the work of the department in suppressing this evil has been most commendable.

Bureau of Criminal Investigation.

The statistics of the work of this branch of the service are included in the statements of the general work of the department; but, as the duties are of a special character, the following statement will be of interest:—

Number of persons arrested, principally for felonies, . . .	870
Fugitives from justice from other States, arrested and delivered to officers from those States,	26
Number of cases investigated,	2,216
Number of days spent in court by officers,	1,775
Amount of fees earned by officers,	\$1,510 10
Amount of stolen property recovered,	\$40,552 95
Amount of fines imposed by court,	\$4,526 15
Number of years' imprisonment imposed by court, . . .	416
Number of photographs added to the "Rogues' Gallery," . .	178

The "Rogues' Gallery" now contains 3,061 photographs. The records of 191 criminals have been added to the "Criminal Record" kept in this department, which now contains the records of 19,146 criminals. The Bureau has issued the prison reports of 200 discharged convicts, containing the full records, descriptions, distinguishing marks, etc., of 94 convicts who were discharged during the year, and whose records were considered of sufficient importance to preserve.

Medical Examiners' Assistant.

The officer detailed to assist the medical examiners of Suffolk County performed the following service:—

Ten were bodies recovered from tide water, two were bodies of persons killed by railroad accident, and two were persons found in the street unconscious and were removed to the hospital where they died. A full description of these cases is on file, together with photographs of all except those too far advanced in decomposition to admit of successful photography. The "Gallery of photographs of persons unidentified" now contains the photographs of 22 males and 2 females as yet unidentified.

The accidents include 88 deaths by railroad accident, 63, or 65.6 per cent. of which occurred within the city limits, and 25 outside of the city, but the injured were brought to our hospitals, where death resulted. Thirteen deaths were by electric car accident, and 1 by horse-car accident.

Hackney Carriages.

The work of the inspector of public carriages was as follows : —

Number of carriages licensed,	1,436

Number of vessels boarded, from foreign ports,	937
Number of vessels ordered from the channel to proper anchorage,	2,155
Number of vessels moved from channel with steamer,	60

Vessels ordered to put up anchor light,	30

The following arrivals were reported:—

Number of arrivals from foreign ports during the year:—

Steamers,	626
Ships,	15
Barks,	73
Brigs,	68
Schooners,	155
	<hr/>
	937

Number of arrivals from domestic ports, vessels of all kinds,	8,446
From the British Provinces,	1,230
	<hr/>
Total, foreign and domestic ports,	10,613

The increase in the size of vessels of late years has been so great that our regular anchorage is not sufficient to accommodate them, owing to their extreme length and great draught, many of them being over four hundred feet long and drawing twenty-four feet of water and upwards. Several of the steamship lines are building larger vessels to run to this port. It is almost a daily occurrence to be obliged to anchor vessels of this class outside of the regular anchorage, which makes it dangerous for them and to other vessels moving about the harbor. More room for anchorage is greatly needed, and the Board respectfully recommends that Bird Island flats be dredged and used for that purpose.

The police boat "Protector" is becoming unserviceable, and it will soon be necessary to replace her with a new boat. She has been in constant use for more than twenty years, and the natural decay, together with the repairs and alterations which she has undergone, have weakened her so that she cannot be used for such service as clearing the channel

of ice, venturing into rough water or doing much heavy work that is properly expected of her. Her engines are too small for the speed required for efficient harbor service.

Licenses.

The total number of licenses issued of all kinds, except for the sale of intoxicating liquor, was 20,825; transferred, 135; cancelled and revoked, 1,397. The officers investigated 225 complaints arising under these licenses, and 53 hearings were given by the Board on these complaints. The fees collected and paid into the city treasury amounted to \$31,843.80. (See Table XIII.)

Ambulance Service.

One ambulance has been built for the department during the year. The seven police ambulances now in service are stationed in divisions 1, 4, 7, 11, 13, 14 and 15. Ambulance No. 1 made 289 runs, and conveyed 275 persons to the hospitals, 6 home and 8 to other places. Ambulance No. 2 made 445 runs, and conveyed 423 persons to the hospitals, 9 home and 13 to other places. Ambulance No. 3 made 95 runs, and conveyed 81 persons to the hospitals, 12 home and 2 to other places. Ambulance No. 4 made 52 runs, and conveyed 39 persons to the hospitals, 7 home and 6 to other places. Ambulance No. 5 made 110 runs, and conveyed 90 persons to the hospitals, 9 home and 11 to other places. Ambulance No. 6 made 11 runs, and conveyed 10 persons to the hospitals and 1 elsewhere. Ambulance No. 7 made 123 runs, and conveyed 105 persons to the hospitals, 8 home and 10 to other places. (See Table XIV.)

The number of sick and injured persons who receive assistance at the several station-houses is increasing every year. Since 1887, 19,221 persons have been assisted, an average of 2,403 per year.

Sale of Intoxicating Liquor.

The total number of places licensed for the sale of intoxicating liquor on the first day of May, 1894 (not including druggists and clubs), was 896, being one to every 500 of the

population, based on the census of 1890. Of these, 688 are licensed to sell to be drunk on the premises, or one to every 715 of the estimated population for the present year.

During the year the licenses of 20 places were surrendered and cancelled, but new licenses were issued in their places.

The following gives the number of licensed places Nov. 30, 1894:—

First innholder "A,"	50
First innholder "B,"	9
First victualler,	607
Second victualler,	22
Fourth distiller,	3
Fourth wholesale dealer "B,"	72
Fourth grocer,	88
Fourth wholesale druggist,	10
Fifth brewer,	20
Fifth bottler,	15

There were 276 druggist and 48 special club licenses issued. Of these, 5 druggist licenses were cancelled.

Number of complaints for violation of conditions of licenses made to Board of Police,	26
Number of hearings given,	26
Number of places where licences were forfeited (licenses of 1893),	2
Number of druggist licenses forfeited (licenses of 1893),	3
Number of complaints for violation of conditions of licenses made in court,	1
Arrests for selling without a license,	612
Seizures made,	1,491
Amount of liquors seized (gallons),	8,157
Number of applications for licenses rejected,	327

The following shows the nature of the complaints upon which licenses were forfeited by the Board of Police from Dec. 1, 1893, to Nov. 30, 1894:—

Forfeited by order of the West Roxbury district court,	1
Neglecting to have license displayed on premises,	1
Selling liquor without certificate,	3

Amount paid into the city treasury for license fees, \$1,084,194.

Arrests for drunkenness averaged 68 per day during the year, or 5 per cent. of the population.* There were 5,751 less persons arrested than in 1893, a decrease of 18.6 per cent.; 44.5 per cent. of the arrested persons were non-residents and 53.8 per cent. were of foreign birth. Six hundred and forty-eight persons were arrested for violation of the liquor law, 10 more than in 1893, and of these 57 per cent. were of foreign birth.

The Board respectfully recommends that the Legislature enact a law establishing the office of "Assayer of liquors for the city of Boston," to be appointed by the governor, with such assistants or inspectors as may be necessary. The duty of the assayer should be to visit licensed places himself or by his agents, wherever intoxicating liquors are sold for consumption or medical purposes; and he should be authorized to take samples of liquors sold, and to analyze them to ascertain if they are fully up to the standard, the standard quality to be defined by an act of the Legislature. It is a deplorable fact that some of the liquors sold in our saloons to-day are of the poorest quality manufactured.

The Board also recommends that chapter 347 of the Acts of 1889, which relates to the selling or giving away of intoxicating liquors on certain holidays, be so amended as to include persons holding licenses of the fourth and fifth classes (wholesale druggists excepted), and so as to include Patriot's Day in the list of days mentioned in said chapter.

FINANCIAL.

Requisitions were made on the city council for the sum of \$1,346,282.91, to meet the running expenses of the department, including the pensioned police officers, house of detention and station-house matrons, for the present financial year.

The total expenditures for police purposes during the past year, including the pensions, house of detention, station-house matters and liquor-license expenses, but exclusive of the maintenance of the police-signal system, were \$1,257,485.75. From this should be deducted the amount received for uniform cloth, etc., and paid into the treasury, — \$9,480.14, leaving the net cost for maintaining the department, \$1,248,005.61.

* Four hundred and ninety-two thousand.

The total revenue paid into the city treasury from fees for licenses over which the police have supervision was \$1,116,037.80. (See Table XV.)

The cost of maintaining the police-signal system during the year was \$56,722.51. (See Table XVI.)

The Board respectfully renews its request that the salary of the clerk of the department be increased to an amount equal to that paid to corresponding officers in other departments of the city.

PENSIONS AND BENEFITS.

Dec. 1, 1893, there were 110 pensioners on the roll. During the year 10 died and 16 were added, viz., 6 lieutenants, 2 sergeants and 8 patrolmen, leaving 116 on the roll at date. A list of pensioners will be found in Table XVII. The payments on account of pensions during the past year amounted to \$68,867.45, and it is estimated that \$71,310 will be required for this purpose in 1895.

The invested fund of the Police Charitable Fund on the 30th of November last amounted to \$207,550, and there was a balance of \$2,757.78 unexpended income. There are 57 beneficiaries at the present time, and there has been paid to them the sum of \$9,250 during the past year.

The invested fund of the Police Relief Association on the 30th of November was \$54,508.26. The payments for the year amounted to \$20,598.05.

The Board recommends that a law be enacted allowing police officers a fee of sixty cents for each case entered in the municipal courts, drunks included, said fee to be credited to the Police Relief Association; or a law giving to the Police Relief Association one-quarter of the entire amount of fines paid into the city treasury by the municipal court of the city of Boston, said amount being equal to the amount received from the annual ball given by the association. This would enable the department to continue the good work of relieving the widows and orphans of deceased members of the association, and do away with the police ball, which is very objectionable in the minds of many people.

POLICE-SIGNAL SYSTEM.

There are now in use 12 wagons, 11 pungs and 26 horses in the patrol service, and 2 wagons and 2 horses in the repair department. Six spare patrol wagons are kept in reserve.

During the year the wagons made 26,444 runs, covering an aggregate distance of 20,228 miles. Twenty-eight thousand one hundred and sixty-two prisoners were conveyed to the station-houses; 931 injured and insane persons were taken to station-houses, the hospitals or their homes; and 490 lost children were taken to station-houses. There were 488 runs to fires and 519 runs for liquor seizures. There are 419 signal boxes in use, arranged in 58 circuits. There were 152,124 telephone messages and 2,424,718 "on-duty" calls sent over the lines. (See Table XVIII.)

During the year station 1 has been completely equipped with an ariel four-wire cable service, giving metallic service to signal and telephone systems. The latter system was absolutely useless until the cable system was put in. (Caused by the introduction of the West End trolley.) Two new signal desks have been built and equipped by this department, the same as in use in station 1, one for station 3, the other for station 5, to take the place of the original contract desks, many of which are in a dilapidated condition. A feature of these new desks is the ability to mobilize the force by signal number, instead of the telephone, which in a street service is not always reliable. During the past six months free telephones have been put in station 2, station 5, station 6, station 10, station 11 and station 14, and the work will continue until all the stations are equipped, which will result in a saving of several thousand dollars a year in rental.

In compliance with the Public Statutes, chapter 454, Acts of 1894, work has been commenced to put the signal wires underground. A new post box has been designed suitable for underground work, the patterns of which are owned by the city. The work of transferring the electrical apparatus from old to new post boxes will be pushed as fast as possible, although the time allowed by law was too brief for the undertaking.

BUILDINGS.

The new station-house in division 14 has proved satisfactory in every way. It is desirable that an appropriation sufficient to erect a wagon-house and stable in connection with the station-house, as contemplated in the original plan, should be made as soon as possible. The addition to station-house 13, containing a wagon-house and stable, was completed during the past year and proves satisfactory. Many repairs have been made on several station-houses during the past year, and it is hoped that during the coming year they will all be put in good order.

The department is using for headquarters at the present time an old-fashioned dwelling-house entirely inadequate to its requirements. One hundred and three officers, clerks and employees have their headquarters in this small building, in which, by actual count, an average of 886 persons daily come to transact business between the hours of eight o'clock A.M. and six o'clock P.M. It is admitted by all that the present apartments are discreditable to the city, and it is urgently requested that proper accommodations be furnished for the use of the department, as well as for the convenience of citizens who come to headquarters daily for the transaction of business. The city owns a building known as the "old public library" on Boylston Street, which could be remodelled for the use of the department. It is centrally located, and easily reached by cars from all parts of the city. If this building and site should be appropriated by the city government, the station-house on Lagrange Street could be turned over to the city and disposed of, and a new station-house built upon the lot in the rear of the present building, fronting on Van Rensselaer Place. There is also ample room to build a stable for the patrol-wagon and ambulance service, so that headquarters and station 4 could be consolidated and placed in a central and convenient locality. In order to do this, it will be necessary for the Legislature to release the trustees of the public library from the necessity of selling this property and applying the proceeds to the redemption of the public library debt, as now required by law. The Board earnestly recommends that such action be taken by the Legislature.
